*Using A-VIEW Web Application for the first time?

User Guide

Please follow these steps the first time you use A-VIEW on Google Chrome, these are applicable only for the first time use.

For Google Chrome Users

Step 1:

Visit https://live.aview.in/webclient/

Step 2: It will redirect to this page ➡️

Step 3: Click on the "Advanced" Tab ➡️

⚠️

Your connection is not private

Attackers might be trying to steal your information from **live.aview.in** (for example, passwords, messages, or credit cards). Learn more

NET::ERR_CERT_DATE_INVALID

☑ Help improve Chrome security by sending URLs of some pages you visit, limited system information, and some page content to Google. Privacy policy

Advanced   **Back to safety**

Step 4:Click on "Proceed to live.aview.in (unsafe)" to continue to web application ➡️

This server could not prove that it is **live.aview.in**; its security certificate expired 9 days ago. This may be caused by a misconfiguration or an attacker intercepting your connection. Your computer's clock is currently set to Friday, April 24, 2020. Does that look right? If not, you should correct your system's clock and then refresh this page.
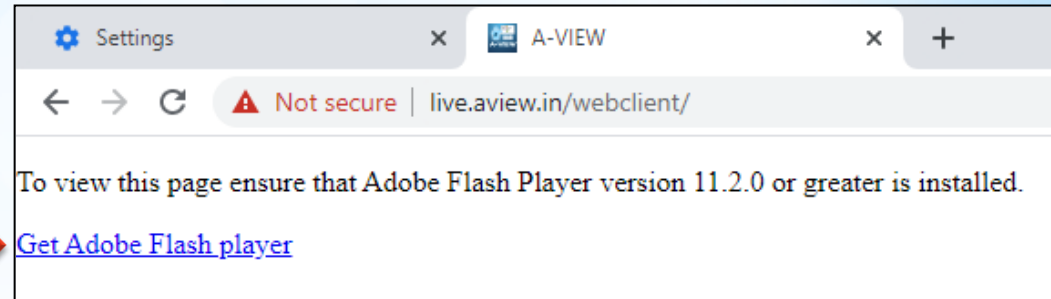

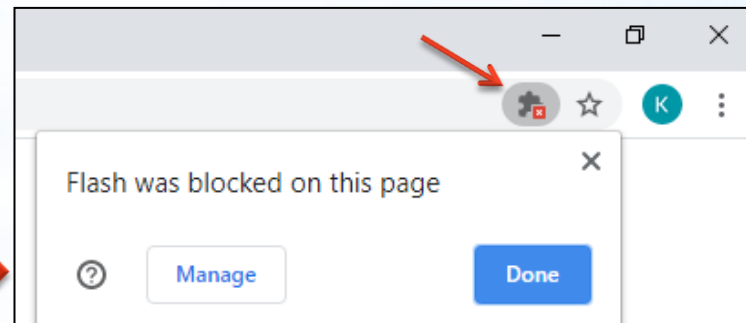

Proceed to live.aview.in (unsafe)
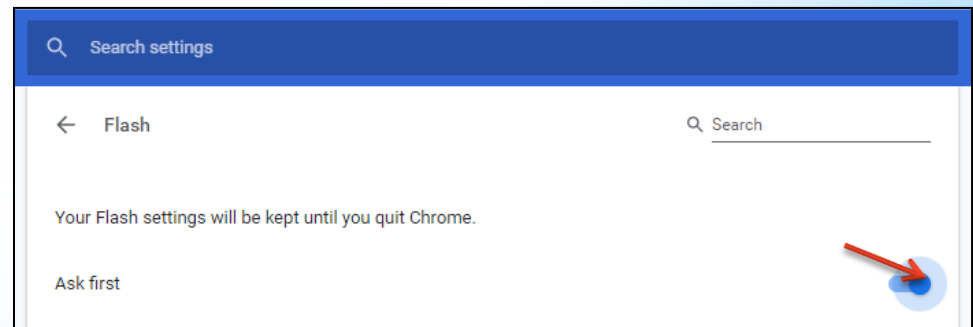

For Google Chrome Users

Step 5:

If Flash Player is not enabled, you would see a similar screen, click on "Get Adobe Flash Player". If Flash Player is not installed, please install it and then follow these steps.

> **Settings** × | **A-VIEW** × | +
>
> ← → C | ⚠ Not secure | live.aview.in/webclient/
>
> To view this page ensure that Adobe Flash Player version 11.2.0 or greater is installed.
>
> Get Adobe Flash player

Step 6: Flash is blocked by default in Google Chrome. Click on the exception button on right side of your address bar and click Manage.
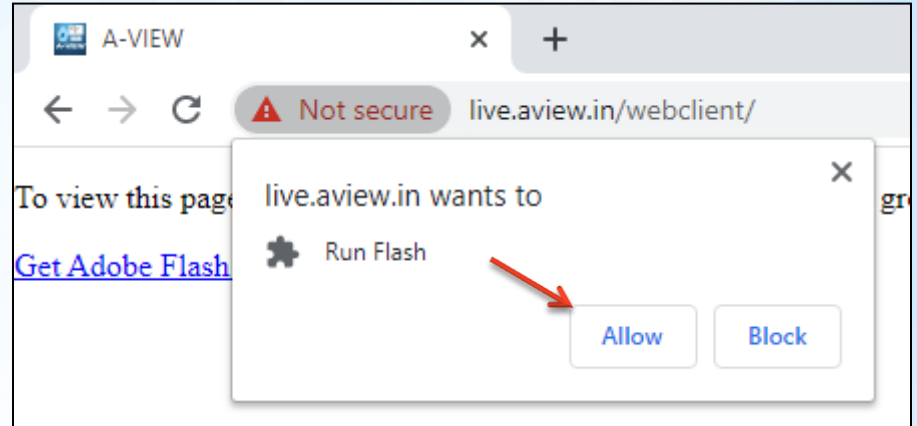

> Flash was blocked on this page
>
> ? | Manage | Done

Step 7: Enable the Flash and close the settings tab.

> Q Search settings
>
> ← Flash | Q Search
>
> Your Flash settings will be kept until you quit Chrome.
>
> Ask first

For Google Chrome Users

Step 8: Come back to live.aview.in/webclient tab; click "Get Adobe Flash Player "again and allow permission to access "live.aview.in"
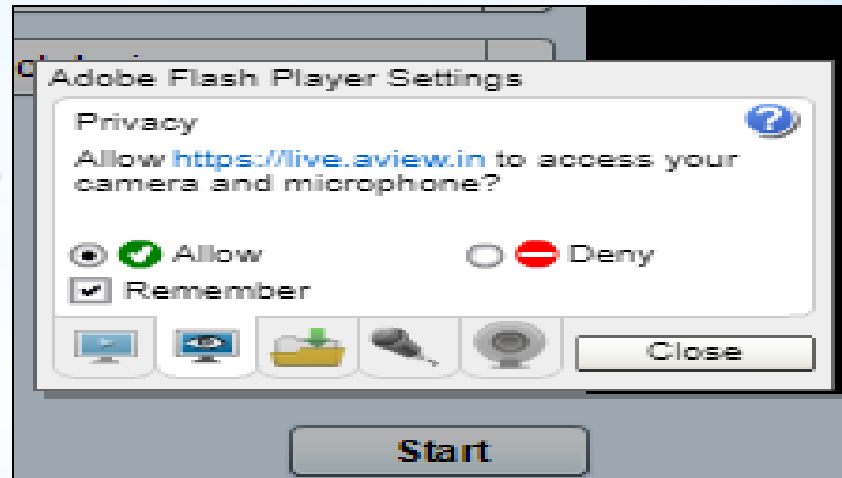

Step 9: Now the A-VIEW page will be visible
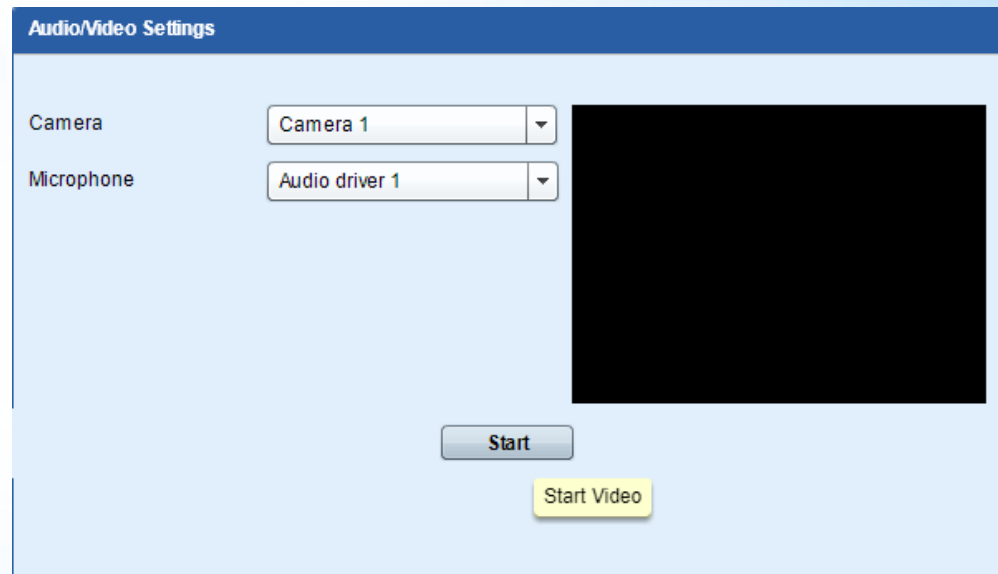

For Google Chrome Users

Step 10: Allow and remember Adobe Flash Player Settings for the first time and click close so that you do not need to do these steps next time.

Step 11: Select Camera & Microphone drivers and click start.

Preview may not be available this time, you can check the camera preview after logging in, while starting your video.

For Google Chrome Users

Step 12: Click ok to give the permission to use Mic & Cam and relaunch A-VIEW.
